Repayment examples 1-3 assume that you remain in school for 4 years and have a 6-month grace period (together, the deferment period) before the loan term begins. Repayment example 4 assumes full payments begin immediately. You must select the fixed in-school payment option during the application process to receive the example interest rate described in example #3. All examples are based on **the highest rate currently charged** and associated fees. You always have the option to make payments ahead of schedule without penalty. By making payments ahead of schedule, you can reduce the total cost of your loan.

Your rate will be calculated each quarter by adding a Margin between 2.74% and 8.24% to the 3-Month LIBOR Index.
- For more information and the most recent value of the 3-Month LIBOR Index, visit [DiscoverStudentLoans.com/Rates](http://DiscoverStudentLoans.com/Rates).
